Exams	<p>End-of-semester examinations are administered during the examination period as announced on the academic calendar. No special early exams can be arranged for the incoming exchange students.</p>
Grading	<p>A student's course performance is evaluated by the relevant course instructor based on mid-term examinations and assignments, as well as attendance, if applicable, and the results of the end-of-semester examinations. For every course taken by a student, the relevant course instructor assigns a grade to the student within the announced dates on the academic calendar. We use the ECTS credit system and the grading system is standard American letter grade. The minimum passing grade is 'D'. Grade F indicates that the student failed the course.</p>
Learning expectations	<p>Students are required to attend all courses, applied exercises, laboratory sessions, projects, examinations and other related academic activities for which they are registered. The effect of attendance on the grade calculation shall be announced by the instructor at the beginning of the semester.</p>
Transcripts	<p>Özyeğin University issues ECTS Transcripts automatically to all incoming Erasmus exchange students. Non-Erasmus exchange students are issued transcripts in English. They are sent to partner institution International Offices/Study Abroad Offices directly within 5 weeks after the grading period.</p>

Mission & Vision	<p>Özyeğin University's mission is to create, share, and apply knowledge in the service of society. Our applied research agenda creates useful knowledge. We share our knowledge through our educational programs which transform the lives of our students. Application of this knowledge generates economic benefits to the society through start-up and spin-out companies, and through improved efficiency and productivity for existing companies.</p> <p>We are a financially accessible and entrepreneurial research university. In all of our programs, we aspire to be recognized nationally and internationally as one of the top ten in Turkey, Eastern Europe and the Middle East, and one of the world's 200 best. Our graduates will be known for making an immediate difference for their employers.</p>
Basic Values	The leading values of Özyeğin University are academic freedom, institutional autonomy, flexibility, multidimensionality, financial accessibility, and nondiscrimination.
International Vision	<p>Özyeğin University firmly believes that internationalization enhances the quality of education and research, thus we aspire to become a university with high international visibility. We encourage multidimensional international collaboration in education, research and interaction with the industry and business world, and want to create an environment that provides multiple opportunities for intercultural exchange supporting creativity, learning and discovery.</p> <p>The Bologna process and creation of the European Higher Education Area have served as an essential framework for the design of Özyeğin University's</p>

	educational programs. To facilitate mobility of people, transparency, and recognition of qualification, curriculum development is based on the European Credit Transfer and Accumulation System (ECTS) in terms of program and course learning outcomes and competences as well as credit allocation. Özyeğin University was awarded an Erasmus Extended University Charter in 2009, our first academic year, and the renewal application was approved in 2013.

About Istanbul:

The City	<p>ISTANBUL: A historical, vibrant city</p> <p>In Istanbul, you can explore the city once known as the capital of capital cities, having served as the axis upon which the Roman, Byzantine and Ottoman Empires revolved. It has been the home to more than 120 emperors and sultans over a span of 1600 years, and there are still remnants of their former wealth and glory scattered throughout the city: palaces and villas, churches and mosques, fountains and theaters, private schools and bathhouses.</p> <p>Today, from the depths of this historical Istanbul, a new, modern, dynamic Istanbul has been born. Alongside ancient minarets and Roman city walls have emerged shiny shopping malls, skyscrapers, and residences; integrated amongst the narrow streets and cobbled walkways are bars and nightclubs ringing out the latest music sensations and featuring the newest fashion trends. With a population of over 15 million spread across two continents, it is a city that never stops evolving.</p> <p>Istanbul is also the financial and industrial capital of the country, playing a significant role in regional trade and cross-border relations.</p> <p>Being an OzU exchange student will allow you to experience a wide range of historical, cultural and architectural aspects of Istanbul.</p> <p>Also, you may take a look at the UNESCO World Heritage Sites in Turkey: http://whc.unesco.org/en/statesparties/tr</p>
